

REMARKS

In response to the Official Action of August 5, 2005, wherein the Examiner has required a restriction between claims, Applicants hereby elect to prosecute in the present application the claims of Group I, i.e. method of treatment claims 1-67 and 115-117. The remaining claims have been amended to depend from the elected claims and it is respectfully submitted that they are directed to the elected invention and should be examined in this application.

The above election is made without prejudice to Applicants' right to file a divisional application or applications directed to the non-elected inventions.

Applicants have now satisfied the sole requirement in the aforementioned Official Action and respectfully request an early examination on the merits of the elected claims.

Respectfully submitted,
